

Technical sheet :

# INDUSTRIAL GRAPPLE BUCKET (COMPACT MACHINES)

---

## Customer benefits

- Designed for all recycling applications.
- All-purpose attachment: handles bulk material, pushes, grabs etc.

## Technical characteristics

- HD bolted teeth for more digging efficiency.
- 400HB cutting edge & side blades for more resistance.

 **ATTACHMENTS**

| Capacities              |     | BGI 1080 / 250                                                                    | BGI 1380 / 210                                                                    | BGI 1680 / 560 (a)                                                                | BGI 1680 / 560 (b)                                                                | BGI 1760 / 600                                                                    | BGI 1850 / 620 (a)                                                                  | BGI 1850 / 620 (b)                                                                  | BGI 1850 / 620 (c)                                                                  | BGI 2080 / 700                                                                      | BGI 2140 / 720                                                                      |
