|---|---------------------|-------------------------------------|
| Capacitica                              |                     | Metric                              |
| Capacities                              |                     | 386 kg                              |
| Rated Operating Capacity                |                     |                                     |
| Unladen weight                          |                     | 1352 kg                             |
| Weight and dimensions                   | 67                  | 3167 mm                             |
| Overall Operating Height - Fully Raised | h27                 |                                     |
| Height to Hinge Pin – Fully Raised      | h28                 | 2438 mm                             |
| Overall Height to top of ROPS           | h17                 | 1897 mm                             |
| Dump angle at full height               | a5                  | 46 °                                |
| Dump height                             | h29                 | 1836 mm                             |
| Overall length with bucket              | 116                 | 2576 mm                             |
| Dump reach - Full height                | гб                  | 376 mm                              |
| Rollback at ground                      | a13                 | 23 °                                |
| Seat to ground height                   | h30                 | 879 mm                              |
| Wheelbase                               | у                   | 775 mm                              |
| Overall width less bucket               | b1                  | 909 mm                              |
| Bucket Width                            | e1                  | 914 mm                              |
| Ground clearance                        | m4                  | 150 mm                              |
| Overall length - Less Bucket            | 12                  | 1905 mm                             |
| Departure angle                         | a2                  | 30 °                                |
| Clearance Radius - Front with Bucket    | b18                 | 1473 mm                             |
| Clearance Circle - Front without Bucket | b19                 | 833 mm                              |
| Clearance Circle - Rear                 | wa1                 | 1097 mm                             |
| Performances                            |                     |                                     |
| Travel speed (unladen)                  |                     | 8.90 km/h                           |
| Wheels                                  |                     |                                     |
| Standard tires                          |                     | 5.70x12                             |
| Engine                                  |                     |                                     |
| Engine brand                            |                     | Yanmar                              |
| Engine model                            |                     | 3TNV82A-BPMSR                       |
| Engine norm                             |                     | Stage V                             |
| Gross Power                             |                     | 18.10 kW                            |
| Net Power                               |                     | 17.80 kW                            |
| Max. torque / Engine rotation           |                     | 86 Nm / 2400 rpm                    |
| Power source                            |                     | Diesel                              |
| Battery voltage                         |                     | 12 V                                |
| Alternator                              |                     | 40 kW                               |
| Starter                                 |                     | 1.70 kW                             |
| Hydraulics                              |                     | in o kii                            |
| Standard flow - Auxiliary hydraulics    |                     | 38.20 l/min                         |
| Auxiliary Hydraulic Pressure            |                     | 145 bar                             |
| Tank capacities                         |                     | 145 bai                             |
| Fuel tank                               |                     | 29                                  |
| Hydraulic oil tank capacity             |                     | 27.30                               |
| Displacement                            |                     | 1.30                                |
| Noise and vibration                     |                     | 1.301                               |
|   |                     | 101 40                              |
| Noise to environment (LwA)              |                     | 101 dB                              |
| Noise at driving position (LpA)         |                     | 85 dB                               |
| Whole-Body Vibration (ISO 2631-1)       |                     | 1.05 m/s <sup>2</sup>               |
| Vibration on hands/arms                 |                     | < 1.53 m/s²                         |

## 850R - Dimensional drawing

## Equipment

| -  |          |
|--|----------|
| Integral Access Plate (removable)                | Standard |
| Lifting function                                 |          |
| All-Tach® Attachment Mounting System             | Standard |
| Auxiliary Hydraulics                             | Standard |
| Lighting   |          |
| Work Lights - Front and Rear                     | Standard |
| Motorization/Power                               |          |
| Engine Block Heater                              | Optional |
| Operator station                                 |          |
| Cab Enclosure                                    | Optional |
| Foot and Hand Throttles 2                        | Standard |
| Full-Suspension Seat                             | Optional |
| Gehl T-Bar Controls                              | Standard |
| Heating  | Optional |
| Hom  | Optional |
| ROPS/FOPS Level II Overhead Guard                | Standard |
| Other options                                    |          |
| Hydrostatic Drive - Servo                        | Standard |
| Selectable Self-Leveling Hydraulic Lift Action 4 | Optional |
| Security   |          |
| Anti-Vandalism Protection                        | Standard |
| Back-Up Alarm                                    | Optional |
| Brake Control (Auto / Manual)                    | Standard |
| Hydraloc™ Safety System                          | Standard |
| Lift Arm Support Device                          | Standard |
| Operator Restraint Bar                           | Standard |
