Technical sheet:

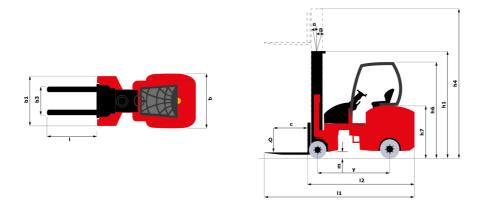

## EMA II 20

|   | EMA II 20 GI | eated on April 18, 2025 at 5.01 AM 010 |
|---|--------------|--|
| Technical characteristics   |              | Metric                                 |
| 1.1 Manufacturer  |              | Manitou                                |
| 1.2 Model Name  |              | EMA II 20                              |
| 1.3 Power source  |              | Electrical                             |
| 1.4 Operator type   |              | Seated                                 |
| 1.5 Max. capacity   | Q            | 2000 kg                                |
| 1.6 Load center of gravity  | c            | 500 mm                                 |
| 1.8 Load distance, centre of drive axle to fork                     | Х            | 278 mm                                 |
| 1.9 Wheelbase   | у            | 1745 mm                                |
| Weight  |              |  |
| 2.1 Service weight  |              | 6600 kg                                |
| 2.2 Weight on front axle (laden) / rear axle (laden)                |              | 4800 kg / 4400 kg                      |
| 2.3 Weight on front axle (Unladen) / rear axle (Unladen)            |              | 2200 kg / 4400 kg                      |
| Wheels  |              |  |
| 3.1 Tires type  |              | Solid tires                            |
| 3.2 Dimensions of front wheels                                      |              | 412 x 178                              |
| 3.3 Dimensions of rear wheels                                       |              | 457 x 152                              |
| 3.5 Number of front wheels / rear wheels                            |              | 2/2                                    |
| 3.5.2 Number of drive wheels  |              | 2                                      |
| 3.6 Front wheel gauge   | b10          | 1125 mm                                |
| 3.7 Rear wheel gauge  | b11          | 1200 mm                                |
| Dimensions  | 511          | 1200 111111                            |
| 4.7 Height of overhead guard (cabin)                                | h6           | 2260 mm                                |
| 4.8 Seat height/stand height  | h7           | 1200 mm                                |
| 4.0 Seat neight statio neight                                       | I1           | 3710 mm                                |
| 4.20 Length to face of forks  | 12           | 2560 mm                                |
| 4.21 Overall width  | b1           | 1200 mm                                |
| 4.22 Forks section / width / length                                 | s / e / l    | 40 mm x 125 mm x 1150 mm               |
| ,   | 5/6/1        | 2                                      |
| 4.23 Fork carriage ISO 2328 (class/form) A/B                        | h2           | 2<br>860 mm                            |
| 4.24 Fork carriage width  | b3           | 50 mm                                  |
| 4.31 Ground clearance below mast                                    | m1           |  |
| 4.32 Ground clearance at centre of wheelbase                        | m2           | 130 mm                                 |
| 4.33 Aisle Width for pallets 1000 x 1200 crossways                  | Ast          | 1900 mm                                |
| 4.34 Aisle width for 800 x 1200 pallet lengthways                   | Ast          | 2100 mm                                |
| Performances  |              | 01 (1.0.501 (1.                        |
| 5.1 Travel speed (laden / unladen)                                  |              | 9 km/h-9.50 km/h                       |
| 5.2 Lifting speed (laden / unladen)                                 |              | 0.35 m/s-0.45 m/s                      |
| 5.3 Lowering speed (laden / unladen)                                |              | 0.40 m/s-0.36 m/s                      |
| 5.7 Gradeability (laden / unladen)                                  |              | 8 % / 10.50 %                          |
| 5.10 Service brake  |              | Hydraulic                              |
| Engine  |              |  |
| 6.1 Drive motor rating S2 60 min                                    |              | 10 kW                                  |
| 6.2 Lift motor rating at S3 15%                                     |              | 9 kW                                   |
| 6.3 Battery according to DIN 43531/35/36 A, B, C                    |              | DIN 43595                              |
| 6.4 Battery voltage / capacity                                      |              | 48 V / 750 Ah                          |
| 6.5 Battery weight (+/- 5%)   |              | 1135 kg                                |
| Miscellaneous   |              |  |
| 8.1 Type of drive control   |              | Mosfet AC speed controller             |
| 8.2 Working hydraulic pressure for attachments                      |              | 200 bar                                |
| 8.3 Oil flow rate for attachments                                   |              | 25 l/min                               |
| 8.4 Measured/guaranteed mean noise level at the ear of the operator |              | < 73 dB                                |
| 8.4 Sound level at the driver's ear according to DIN 12 053         |              | 73 dB                                  |
