Technical sheet:

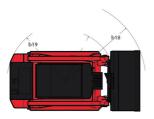

## **1650RT**

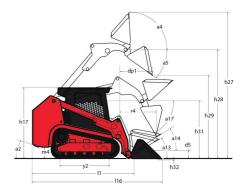

|   |      | Created on May 9, 2025 at 6:45 AM UT |
|---|------|--------------------------------------|
| Capacities  |      | Imperial                             |
| Operating Weight                                    |      | 8020 lb                              |
| Unladen weight                                      |      | 8020 lb                              |
| Operating Capacity at 35% Tipping Load              |      | 1649 lb                              |
| Operating Capacity At 50% Tipping Load              |      | 2357 lb                              |
| Tipping capacity                                    |      | 4716 lb                              |
| Weight and dimensions                               |      |                                      |
| Overall Operating Height - Fully Raised             | h27  | 158 in                               |
| Height to Hinge Pin - Fully Raised                  | h28  | 120 in                               |
| Dump reach - Full height                            | r6   | 25 in                                |
| Dump angle at full height                           | a5   | 39 °                                 |
| Dump Height - Fully Raised                          | h29  | 92 in                                |
| faximum Rollback Angle - Fully Raised               | a4   | 98 °                                 |
| Overall Height to top of ROPS                       | h17  | 78 in                                |
| Overall length with bucket                          | 116  | 126 in                               |
| Overall Length without Bucket                       | l1   | 94 in                                |
| Specified Height                                    | h31  | 64 in                                |
| Reach at Specified Height                           | r4   | 22 in                                |
| Dump angle at specified height                      | a17  | 73 °                                 |
| Carry Position                                      | d5   | 8 in                                 |
| Maximum Rollback Angle at Carry Position            | a14  | 28 °                                 |
| Digging Position                                    | h32  | 2 in                                 |
| Angle of Departure with STD Counterweight           | 1132 | 28 °                                 |
|   | m.4  |                                      |
| Ground clearance                                    | m4   | 7 in                                 |
| rack gauge  | b10  | 53 in                                |
| Track Shoe Width                                    | b20  | 13 in                                |
| Crawler base  | y2   | 50 in                                |
| Overall width less bucket                           | b1   | 66 in                                |
| Bucket Width  | e1   | 66 in                                |
| Clearance Radius - Front with Bucket                | b18  | 78 in                                |
| Angle of Approach                                   | a3   | 90 °                                 |
| Grouser Height                                      |      | 0.98 in                              |
| Track Type / Track Rollers / Roller Type            |      | Rubber / 3 / Steel                   |
| Performances  |      |                                      |
| Ground Speed - Single Speed                         |      | 7 mph                                |
| Ground Speed - Two Speed                            |      | 10 mph                               |
| Orawbar Pull/Tractive Effort                        |      | 9579 lb                              |
| Bucket Breakout - Tilt Cylinder                     |      | 4231 lb                              |
| Bucket Breakout - Lift Cylinder                     |      | 5060 lb                              |
| Engine  |      |                                      |
| ingine brand  |      | Yanmar                               |
| Engine model  |      | 4TNV98C-NMS2                         |
| Motor Type  |      | Radial Piston                        |
| Gross Power / Power                                 |      | 51.70 kW @ 2500 rpm                  |
| let Power / Power                                   |      | 51 kW / 2500 rpm                     |
| Max. torque   |      | 178 ft/lbs                           |
| .C. Engine power rating                             |      | 69.30 Hp                             |
| Battery voltage                                     |      | 12 V                                 |
| Cold Cranking Amps at Temperature (CCA)             |      | 950 A                                |
| Alternator - Voltage / Ampere                       |      | 12 V / 100 A                         |
| lydraulics  |      |                                      |
| Standard flow - Auxiliary hydraulics                |      | 19 US gpm                            |
| Fank capacities                                     |      | ab                                   |

## 1650RT - Dimensional drawing

## **Equipment**

| All-Tach® Attachment Mounting System             | Standard |
|--|----------|
| Auxiliary Hydraulics                             | Standard |
| Electronic Attachment Control - 14-Pin Connector | Optional |
| High-Flow Auxiliary Hydraulics                   | Optional |
| IdealTrax® automatic track tensioning system     | Standard |
| Power-A-Tach® Attachment Mounting System         | Optional |
| Motorization/Power                               |          |
| Combination Radiator & Hydraulic Oil Cooler      | Standard |
| Dual-Element Air Cleaner with Indicator          | Standard |
| Engine Auto-Shutdown System                      | Standard |
| Glowplugs Starts Assist                          | Standard |
| Servo-Controlled Hydrostatic Drive               | Standard |
| Two-Speed Hydrostatic Drive System               | Standard |
| Operator station                                 |          |
| Air suspension seat                              | Optional |
| Foot Throttle                                    | Standard |
| Full-Suspension Seat                             | Standard |
| Multi-Function Display Screen                    | Standard |
| Pressurized Cab Enclosure with A/C               | Optional |
| Rearview Camera                                  | Optional |
| ROPS/FOPS Level II Overhead Guard                | Standard |
| Sliding Side Windows                             | Standard |
| Swing-out Cab Door                               | Standard |
| Other options                                    |          |
| Selectable Self-Leveling Hydraulic Lift Action 4 | Optional |
| Pneumatics                                       |          |
| Rubber Track Undercarriage System                | Standard |
| Single Flange Front/Dual Flange Rear Idlers      | Standard |
| Secondary functions                              |          |
| Counterweight                                    | Standard |
| Dedicated Undercarriage                          | Standard |
| Security   |          |
| Anti-Vandalism Lock Provisions                   | Standard |
| Back-Up Alarm                                    | Optional |
| Easy Manager                                     | Standard |
| Engine Alert System with Error Display           | Standard |
| Mechanical Lift Cylinder Lock                    | Standard |
