## Equipment

#### Standard

230V Predisposition 4 simultaneous movements 4 wheel steer with crab mode Audible alarm and illuminated indicator lamp (leveling, overload, lowering) Backup electrical pump Continuous turret rotation Differential locking on rear axle Electronic platform compensation Emergency stop button in platform and on frame Engine mounted on sliding platform Fuel gauge with low level indicator Integrated diagnostic assistance Oscillating front axle Painted basket for heavy loads 2,300 mm (7ft 7 in.) Protective cover for control panel Remote control for transport

| Optional   |
|--|
| 110 or 230V plug with differential circuit breaker |
| Additional storage boxes                           |
| Basket 1,800 mm                                    |
| Battery cut-off                                    |
| Biodegradable oil                                  |
| Catalytic cleaner                                  |
| Cold weather protection oil                        |
| Engine compartment with key lock                   |
| Key lock on fuel tank                              |
| On-board generator (3,5 or 5 kW)                   |
| Panel support kit                                  |
| SMS : Safe Man System                              |
| Safety hamess                                      |
| Screen protection on the lower box control         |
| Spark arrester                                     |
| Special color paints                               |
| Tube support kit                                   |
| Water predisposition                               |
| Working light                                      |
