| Capacities                                |                   | Metric                          |
| Max. capacity                             | Q                 | 3305 kg                         |
| Operating Weight                          |                   | 5260 kg                         |
| Unladen weight                            |                   | 5260 kg                         |
| Operating Capacity at 35% Tipping Load    |                   | 1157 kg                         |
| Operating Capacity At 50% Tipping Load    |                   | 1652 kg                         |
|   |                   |                                 |
| Tipping capacity                          |                   | 3305 kg                         |
| Weight and dimensions                     |                   |                                 |
| Overall Operating Height - Fully Raised   | h27               | 4267 mm                         |
| Height to Hinge Pin – Fully Raised        | h28               | 3251 mm                         |
| Dump reach - Full height                  | r6                | 876 mm                          |
| Dump angle at full height                 | a5                | 41 °                            |
| Dump Height - Fully Raised                | h29               | 2489 mm                         |
| Maximum Rollback Angle - Fully Raised     | a4                | 102.50 °                        |
| Overall Height to top of ROPS             | h17               | 2111 mm                         |
|   | 116               | 4008 mm                         |
| Overall length with bucket                |                   |                                 |
| Departure angle                           | a2                | 25 °                            |
| Overall Length without Bucket             | l1                | 3221 mm                         |
| Specified Height                          | h31               | 1720 mm                         |
| Reach at Specified Height                 | r4                | 795 mm                          |
| Dump angle at specified height            | a17               | 66.80 °                         |
| Maximum Rollback Angle at Ground          | a13               | 30 °                            |
| Carry Position                            | d5                | 208 mm                          |
| Maximum Rollback Angle at Carry Position  | a14               | 31.60 °                         |
|   |                   |                                 |
| Digging Position                          | h32               | 13 mm                           |
| Angle of Departure with STD Counterweight |                   | 25 °                            |
| Ground clearance                          | m4                | 313 mm                          |
| Track gauge                               | b10               | 1313 mm                         |
| Track Shoe Width                          | b20               | 450 mm                          |
| Crawler base                              | y2                | 1562 mm                         |
| Overall width less bucket                 | ,<br>b1           | 1765 mm                         |
| Bucket Width                              | e1                | 2131 mm                         |
|   |                   |                                 |
| Clearance Radius - Front with Bucket      | b18               | 2499 mm                         |
| Clearance Circle - Rear                   | wa1               | 1796 mm                         |
| Maximum rollback at specified height      |                   | 66.80 °                         |
| Angle of Approach                         | a3                | 90 °                            |
| Grouser Height                            |                   | 25 mm                           |
| Track Type / Track Rollers / Roller Type  |                   | Rubber / 5 / Steel              |
| Performances                              |                   |                                 |
| Ground Speed - Single Speed               |                   | 8.50 km/h                       |
| Ground Speed - Two Speed                  |                   | 12.10 km/h                      |
|   |                   |                                 |
| Drawbar Pull/Tractive Effort              |                   | 5649 kg                         |
| Bucket Breakout - Tilt Cylinder           |                   | 3803 kg                         |
| Bucket Breakout - Lift Cylinder           |                   | 3373 kg                         |
| Engine                                    |                   |                                 |
| Engine brand                              |                   | Deutz                           |
| Engine model                              |                   | TD 3.6 L4                       |
| Motor Type                                | Axial Pis         | on Planetary Gear Box Reduction |
| Gross Power / Power                       | 7 intai 1 io      | 55.40 kW @ 2300 rpm             |
|   |                   |                                 |
| Net Power / Power                         |                   | 52.70 kW / 2300 rpm             |
| Max. torque                               |                   | 330 Nm                          |
| I.C. Engine power rating                  |                   | 74.29 Hp                        |
| Battery voltage                           |                   | 12 V                            |
| Cold Cranking Amps at Temperature (CCA)   |                   | 950 A                           |
| Alternator - Voltage / Ampere             |                   | 12 V / 120 A                    |
| Hydraulics                                |                   |                                 |
| Standard flow - Auxiliary hydraulics      |                   | 110 l/min                       |
|   |                   |                                 |
| Tank capacities                           |                   | 0.501                           |
| Dil Pan Capacity                          |                   | 8.50                            |
| Hydraulic oil tank capacity               |                   | 52.20 l                         |
| Fuel tank                                 |                   | 121.10                          |
| Coolant system capacity                   |                   | 23.10 l                         |
| Displacement / Number of cylinders        |                   | 3.60   / 4                      |
| Noise and vibration                       |                   |                                 |
| Noise to environment (LwA)                |                   | 106.10 dB                       |
|   |                   |                                 |
| Noise at driving position (LpA)           |                   | 85.80 dB                        |
| Miscellaneous                             |                   |                                 |
| Ground Pressure                           |                   | 0.36 bar                        |
|   |                   |                                 |

## **Equipment**

| Lifting function                                 |          |
|--|----------|
| All-Tach® Attachment Mounting System             | Standard |
| Auxiliary Hydraulics                             | Standard |
| Electronic Attachment Control - 14-Pin Connector | Optional |
| High-Flow Auxiliary Hydraulics                   | Optional |
| IdealTrax™ Automatic Track Tensioning System     | Standard |
| Power-A-Tach® Attachment Mounting System         | Optional |
| Motorization/Power                               |          |
| Combination Radiator & Hydraulic Oil Cooler      | Standard |
| Dual-Element Air Cleaner with Indicator          | Standard |
| Elevated Planetary Final Drives                  | Standard |
| Engine Auto-Shutdown System                      | Standard |
| Glowplugs Starts Assist                          | Standard |
| Horsepower Management System                     | Standard |
| Two-Speed Hydrostatic Drive System               | Standard |
| Operator station                                 |          |
| Air suspension seat                              | Optional |
| Drive Sensitivity Adjustment                     | Standard |
| Electro-Hydraulic Joystick Controls              | Standard |
| Foot Throttle                                    | Standard |
| Full-Suspension Seat                             | Standard |
| IdealAccess™ Fold-Up Door                        | Optional |
| Multi-Function Display Screen                    | Standard |
| Pressurized Cab Enclosure with A/C               | Optional |
| Rearview Camera                                  | Standard |
| ROPS/FOPS Level II Overhead Guard                | Standard |
| Sliding Side Windows                             | Standard |
| Swing-out Cab Door                               | Standard |
| Variable Speed Control, Selectable On & Off      | Optional |
| Other options .                                  |          |
| Selectable Self-Leveling Hydraulic Lift Action 4 | Optional |
| Pneumatics                                       |          |
| Rubber Track Undercarriage System                | Standard |
| Single Flange Front/Dual Flange Rear Idlers      | Standard |
| Secondary functions                              |          |
| Counterweight                                    | Standard |
| Dedicated Undercarriage                          | Standard |
| Security   |          |
| Anti-Vandalism Lock Provisions                   | Standard |
| Back-Up Alarm                                    | Standard |
| Easy Manager                                     | Standard |
| Engine Alert System with Error Display           | Standard |
| Mechanical Lift Cylinder Lock                    | Standard |
|  |          |
| Straight Tracking                                | Standard |

## **Head Office**

B.P. 249 - 430 rue de l'Aubinière 44150 Ancenis Cedex - France Tel: +33 (0)2 40 09 10 11 - Fax: +33 (0)2 40 09 10 97 www.manitou.com

This publication provides a description of the configuration versions and options for Manitou products, which may differ for equipment. The equipment presented in this brochure may be part of a series, as an option, or it may not be available, depending on the versions. Manitou reserves the right, at any time and without notice, to amend the specifications described and represented. The specifications provided do not bind the manufacturer. For more details, please contact your Manitou agent. This is not a contractually binding document. The presentation of the products is not contractually binding. List of specifications non-exhaustive. The logos as well as the visual identity of the company are owned by Manitou and cannot be used without authorisation. All rights reserved.
