# **MT-X 1033 MINING**

---

 **MANITOU**  
HANDLING YOUR WORLD

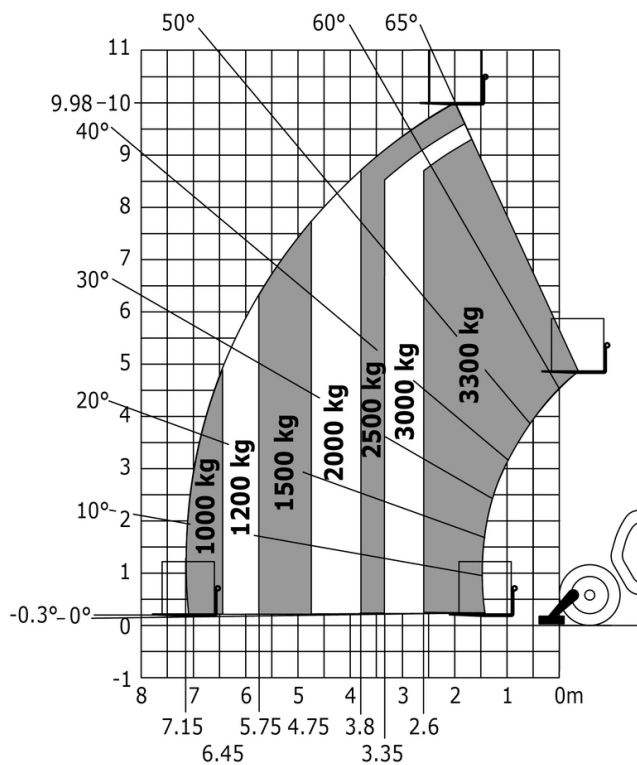

| Capacities                                  |           | Métrique                                       |
|---|-----------|--|
| Max. capacity                               |           | 3300 kg  |
| Max. lifting height                         |           | 9.98 m   |
| Max. outreach                               |           | 7.15 m   |
| Breakout force with bucket                  |           | 5330 daN                                       |
| Weight and dimensions                       |           |  |
| Overall length to carriage                  | l11       | 4.93 m   |
| Length to face of forks                     | l2        | 4.93 m   |
| Overall width                               | b1        | 2.25 m   |
| Overall height                              | h17       | 2.30 m   |
| Wheelbase                                   | y         | 2.69 m   |
| Ground clearance                            | m4        | 0.44 m   |
| Overall cab width                           | b4        | 0.89 m   |
| Tilt-up angle                               | a4        | 12 °   |
| Tilt-down angle                             | a5        | 114 °  |
| External turning radius (over tyres)        | Wa1       | 3.66 m   |
| Unladen weight (with forks)                 |           | 7745 kg  |
| Overall weight                              |           | 7745 kg  |
| Tires type                                  |           | Pneumatic                                      |
| Standard tires                              |           | Alliance 400/80 - 24 - 162A8                   |
| Forks length / width / section              | l / e / s | 1200 mm x 125 mm x 45 mm                       |
| Performances                                |           |  |
| Lifting                                     |           | 6.70 s   |
| Lowering                                    |           | 5.40 s   |
| Extension                                   |           | 13.60 s  |
| Retraction                                  |           | 8.70 s   |
| Crowd                                       |           | 2.70 s   |
| Dump  |           | 2.30 s   |
| Engine                                      |           |  |
| Engine brand                                |           | Perkins  |
| Engine model                                |           | 1104D-44 TA                                    |
| Number of cylinders / Capacity of cylinders |           | 4 - 4400 cm³                                   |
| I.C. Engine power rating - Power            |           | 101 Hp / 74.50 kW                              |
| Max. torque / Engine rotation               |           | 410 Nm @ 1400 rpm                              |
| Drawbar pull (Laden)                        |           | 9100 daN                                       |
| Transmission                                |           |  |
| Transmission type                           |           | Torque converter                               |
| Number of gears (forward / reverse)         |           | 4 / 4  |
| Max. travel speed                           |           | 27 km/h  |
| Parking brake                               |           | Manual   |
| Service brake                               |           | Oil-immersed multi-discs on front & rear axles |
| Hydraulics                                  |           |  |
| Hydraulic pump type                         |           | Gear pump                                      |
| Hydraulic flow / Pressure                   |           | 106 l/min-250 bar                              |
| Tank capacities                             |           |  |
| Engine oil                                  |           | 11 l   |
| Hydraulic oil                               |           | 128 l  |
| Fuel tank                                   |           | 120 l  |
| Noise and vibration                         |           |  |
| Noise at driving position (LpA)             |           | 76 dB  |
| Noise to environment (LwA)                  |           | 104 dB   |
| Vibration on hands/arms                     |           | < 2.50 m/s²                                    |
| Miscellaneous                               |           |  |
| Steering wheels (front / rear)              |           | 2 / 2  |
| Drive wheels (front / rear)                 |           | 2 / 2  |
| Safety / Safety cab homologation            |           | Standard EN 15000 / Cabin ROPS - FOPS level 2  |
| Controls                                    |           | JSM  |

MT-X 1033 Mining - Abaqués

Machine on tires with forks Metric

Machine on lowered stabilisers with forks Metric

Machine on tires with tire handler TH 33 (Metric)

Machine on lowered stabilisers with tyre handler TH 33 (Metric)

# Spécifications Mining

|   | MT-X 1033 Mining |
|---|------------------|
| <b>Lifting function</b>                               |                  |
| Clamp predisposition (controls from cabin)            | 0                |
| <b>Lighting</b>                                       |                  |
| Brake Lights ON When Park Brake ON                    | S                |
| Flat Led Rotating Beacon                              | S                |
| LED Flashing Lights On Cabin (Marker Lights)          | S                |
| LED traming lights                                    | S                |
| LED work lights on the boom (x2)                      | S                |
| LED working lights on cab (x4 : 2 front + 2 rear)     | S                |
| <b>Motorization/Power</b>                             |                  |
| Exhaust fume purification system                      | S                |
| Hydraulic hose sleeve burst protection                | S                |
| Metal cyclonic prefilter                              | S                |
| Radiator safety cap                                   | S                |
| <b>Other options</b>                                  |                  |
| Battery + Starter Isolators + Jump Start Receptacle   | S                |
| <b>Secondary functions</b>                            |                  |
| Automatic Greasing System (AGS) - chassis + boom      | 0                |
| <b>Security</b>                                       |                  |
| "Guardian Angel" System Level 1                       | S                |
| Audio warning on reverse movements (lynx noise)       | S                |
| Boom cylinder lock                                    | S                |
| Emergency stop: 1 in cab, 2 on external               | S                |
| Fire extinguisher                                     | S                |
| Fire suppression system                               | 0                |
| Fuse board protection - MT's                          | S                |
| High visibility reflective strips                     | S                |
| Loose wheel nut indicators                            | S                |
| Marking - Warning & Danger decals                     | S                |
| Mining protection grids: right, left and back windows | S                |
| Negative brakes on front & rear axles                 | S                |
| Rear and lateral camera with cab screen               | S                |
| Wheel chocks  | S                |
| Windshield protection grid                            | S                |
